

median theft rate has major parts that are interchangeable with a majority of the covered major parts of a passenger motor vehicle line, the manufacturer determines whether all the vehicles of those lines with sub-median or likely sub-median theft rates will account for more than 90 percent of the total annual production of all of the manufacturer's lines with those interchangeable parts.

(3) The manufacturer submits its evaluations and conclusions made under paragraphs (c)(1) and (2) of this section, together with the underlying factual information, to NHTSA not less than 15 months before the date of introduction. During this period, the manufacturer may request a meeting with the agency to further explain the bases for its evaluations and conclusions.

(4) Within 90 days after its receipt of the manufacturer's submission under paragraph (c)(3) of this section, NHTSA considers that submission, if any, and independently makes, on a preliminary basis, the determinations of those light duty truck lines with sub-median or likely sub-median theft rates which should or should not be subject to § 541.5 of this chapter. NHTSA informs the manufacturer by letter of the agency's preliminary determinations, together with the factual information considered by the agency in making them.

(5) The manufacturer may request the agency to reconsider any of its preliminary determinations made under paragraph (c)(4) of this section. The manufacturer must submit its request to the agency within 30 days of its receipt of the letter under paragraph (c)(4) of this section informing it of the agency's evaluations and preliminary determinations. The request must include the facts and arguments underlying the manufacturer's objections to the agency's preliminary determinations. During this 30-day period, the manufacturer may also request a meeting with the agency to discuss those objections.

(6) Each of the agency's preliminary determinations made under paragraph (c)(4) of this section becomes final 45 days after the agency sends the letter specified in that paragraph unless a re-

quest for reconsideration has been received in accordance with paragraph (c)(5) of this section. If such a request has been received, the agency makes its final determinations within 60 days of its receipt of the request. NHTSA informs the manufacturer by letter of those determinations and its response to the request for reconsideration.

§ 543.1 Scope.

This part establishes procedures under section 605 of the Motor Vehicle Information and Cost Savings Act (15 U.S.C. 2025) for filing and processing petitions to exempt lines of passenger motor vehicles from part 541 of this chapter, and procedures for terminating or modifying an exemption.

§ 543.2 Purpose.

The purpose of this part is to specify the content and format of petitions which may be filed by manufacturers of passenger motor vehicles to obtain an exemption from the parts-marking requirements of the vehicle theft prevention standard for passenger motor vehicle lines which include, as standard equipment, an antitheft device if the agency concludes that the device is likely to be as effective in reducing and deterring motor vehicle theft as compliance with the parts-marking requirements. This part also provides the procedures that the agency will follow

§ 543.3

in processing those petitions and in terminating or modifying exemptions.

§ 543.3 Application.

This part applies to manufacturers of vehicles subject to the requirements of part 541 of this chapter, and to any interested person who seeks to have NHTSA terminate an exemption.

§ 543.4 Definitions.

(a) *Statutory terms.* All terms defined in sections 2, 601, and 605 of the Motor Vehicle Information and Cost Savings Act are used in accordance with their statutory meanings unless otherwise defined in paragraph (b) of this section.

(b) *Other definitions.*

Line or car line means a name which a manufacturer applies to a group of motor vehicles of the same make which have the same body or chassis, or otherwise are similar in construction or design. A “line” may, for example, include 2-door, 4-door, station wagon, and hatchback vehicles of the same make.

NHTSA means the National Highway Traffic Safety Administration.

§ 543.5 Petition: General requirements.

(a) For each model year, a manufacturer may petition NHTSA for an exemption of one car line from the requirements of part 541 of this chapter. However, for car lines not subject to the requirements of part 541 of this chapter until September 1, 2006, a manufacturer may not petition NHTSA for an exemption for model years before model year 2006.

(b) Each petition filed under this part for an exemption must—

(1) Be written in the English language;

(2) Be submitted in three copies to: Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, SW., Washington, DC 20590;

(3) State the full name and address of the petitioner, the nature of its organization (individual, partnership, corporation, etc.), and the name of the State or country under the laws of which it is organized;

(4) Be submitted at least 8 months before the commencement of production of the lines specified under paragraph (5) of § 543.5(b) for the first model

49 CFR Ch. V (10–1–06 Edition)

year in which the petitioner wishes those lines to be exempted, and identify that model year;

(5) Identify the passenger motor vehicle line or lines for which exemption is sought;

(6) Set forth in full the data, views, and arguments of the petitioner supporting the exemption, including the information specified in § 543.6; and

(7) Specify and segregate any part of the information and data submitted which the petitioner requests be withheld from public disclosure in accordance with part 512, *Confidential Business Information*, of this chapter.

[52 FR 33829, Sept. 8, 1987, as amended at 59 FR 10758, Mar. 8, 1994; 70 FR 28851, May 19, 2005]

§ 543.6 Petition: Specific content requirements.

(a) Each petition for exemption filed under this part must include:

(1) A statement that an antitheft device will be installed as standard equipment on all vehicles in the line for which an exemption is sought;

(2) A list naming each component in the antitheft system, and a diagram showing the location of each of those components within the vehicle;

(3) A discussion that explains the means and process by which the device is activated and functions, including any aspect of the device designed to—

(i) Facilitate or encourage its activation by motorists,

(ii) Attract attention to the efforts of an unauthorized person to enter or move a vehicle by means other than a key,

(iii) Prevent defeating or circumventing the device by an unauthorized person attempting to enter a vehicle by means other than a key,

(iv) Prevent the operation of a vehicle which an unauthorized person has entered using means other than a key, and

(v) Ensure the reliability and durability of the device;

(4) The reasons for the petitioner’s belief that the antitheft device will be effective in reducing and deterring motor vehicle theft, including any theft data and other data that are available to the petitioner and form a basis for that belief;
